

Urgent Appeal:
The world should not let the execution of Ali Saremi be repeated

Tehran, Jan. 1, 2011

After the execution of Ali Saremi, supporter of PMOI at dawn of Tuesday Dec. 28, 2010 by the religious fascism ruling Iran, this regime intends to hang two other supporters of this organization Mr. Jafar Kazemi and Mohammad Ali Haj Aghae.

Tehran's prosecutor, Jafari Dolatabadi, has once more confirmed the decree for their execution.

We, Iran Students Committee, supporters of PMOI once again call on all international and human rights organs and bodies to act urgently and immediately to stop the criminal executions of innocent people whose only so-called crime is supporting PMOI and having a relative in Ashraf City (the place of resident of PMOI members in Iraq).

The only crime of Mr. Kazemi and Haj Aghae is that they have gone to Ashraf to visit their family member or relatives.
